**ASSIGNMENT**

*The questions are of equal value.  
The figures in the margin indicate full marks.*

- | <b>Answer any <i>three</i> questions</b> |   | 20×3 = 60 |
|--|---|-----------|
| 1.                                       | Analyse the status of women in today's society. Discuss the policies and programmes that uphold the rights of women.  | 10+10     |
| 2.                                       | In a corona affected world, discuss the challenges faced by children. How can a social worker play a supportive role in the present scenario?                                 | 10+10     |
| 3.                                       | What do you understand by the terms "handicapped", "disability", "physically challenged" and "differently abled"? How does the Government of India address such issues?       | 10+10     |
| 4.                                       | Enlist and describe a number of NGOs that address the issues of disability. Explain in detail the methodology that is commonly practiced to assist persons with disabilities. | 10+10     |
| 5.                                       | How do you envisage a progressive India that is multi-cultural and divided in the name of caste, tribe, class and religion?   | 20        |
| 6.                                       | Define your role as a professional social worker while working with the marginalized groups.  | 20        |
